

Parish nurses are supported by a national charity, Parish Nursing Ministries UK.

We offer parish nurses local opportunities to meet, arrange study days, and support with making sure that professional frameworks are in place. We promote and develop the concept of parish nursing among churches of all denominations and we want to see many more of them begin this work.

All nurses are regulated by the Nursing and Midwifery Council and work under its code of practice. If you would like to know more about this, please ask your parish nurse.

One aspect of this is a code of confidentiality, which means anything you tell your parish nurse will be kept private, unless you are being harmed, or are harming someone else. Any written information the parish nurse holds about you will be kept locked away.

Although your parish nurse is employed by the church, the details s/he holds for you for your care will not appear on any data base or mailing list that the church may use for publicity or fund-raising without your permission. The church has a data protection policy in place.

Broadfield Parish Nursing Service

*Christ the Lord, Broadfield
“In the community, of the
community”*

What do we do?

Whole person health care through the local church

“I have come that you may have life – life in all its fullness”

John 10:10

Support from Parish Nursing is available free of charge, to the people of Broadfield regardless of their age, background and beliefs.

Hello ...My name is Juliette Williams

(Here I am at the 2012 Olympics)

I qualified as a nurse in 1988. I am an RGN and have a BA in early childhood.

I work part time as a parish nurse. I also work for the NHS as part of the community immunisation team and as a preschool special educational needs coordinator. I have experience in Community & practice nursing, A&E, Ophthalmic care, Paediatrics & safeguarding, Early childhood care & education.

What is Broadfield Parish Nursing Service Offering?

Parish Nursing provides whole person health care through Christ the Lord church, Broadfield.

We can offer:

- Support for the physical, mental, social and spiritual health of individuals

We do this through:

- Health promotion & education
- Personal health & lifestyle advice
- Advocacy support
- Multiagency signposting & support
- Early Childhood & parenting support
- Help with understanding medical information, diseases and conditions
- Supporting independence in the home
- Prayer
- Training and supporting of volunteers.

I have a special interest in supporting individuals whatever their age & circumstances to meet their health and well being goals and achieve their best outcome as a whole person, body mind & spirit.
